Notice of Privacy Practices

The Notice of Privacy Practices (NPP) describes the types of uses and disclosures of your protected health information that might occur in your treatment, payment of your bills, or in the performance of our operations. Additionally, the NPP describes your rights, and our duties with respect to your protected health information.

The full context of our NPP is available to you online at: <https://restorixhealth.com/patient-notice.html>. If you have any questions or concerns or wish for us to mail you a paper copy of this NPP, in full, please reach out by email to: NoticePP@RestorixHealth.com.

Medicare DMEPOS Supplier Standards

The products and/or services provided to you by our company are subject to the Supplier Standards contained in the Federal Regulations shown at 42 Code of Federal Regulations Section 424.57(c). These standards concern business professional and operational matters (e.g., honoring warranties and hours of operation). The full text of these standards can be obtained by visiting us on the web: <https://restorixhealth.com/patient-notice.html>. Upon request, we will furnish you with a written copy of these standards.

Customer's Financial Obligation

So that we can properly bill your insurance, it is critical that you provide us with complete and correct insurance information. Some primary insurance payers, such as Medicare, only pay for 80% of medical supplies. The remaining 20%, called a co-payment, is your responsibility. However, if you have additional, or secondary insurance, they usually pay for all or part of your co-payment (and deductible, if one applies.) If you do not have secondary insurance, or if they only pay a part of the amount owed, you are responsible for paying the balance.

Financial Hardship

If you are unable to pay your balance on time and in full, you may request a financial hardship waiver from our Billing Department by e-mailing: Billinfo@RestorixHealth.com, or online at <https://restorixhealth.com/patient-notice.html>.

As our customer, you have the right to be notified, in writing, of your rights and responsibilities before treatment has begun.
